OCT 27 1978

STAT

On behalf of the Foreign Area Officer Course 2-78 students, I extend my appreciation to the Central Intelligence Agency for the series of outstanding presentations made during our recent Washington Interdepartmental Agency Field Trip.

STAT

The day our students spent at the Agency headquarters in Langley was the highlight of the trip. The presentations were candid and frank, as were the discussions with your analysts. As in the past, 

 coordinated the program to provide an interesting and informative overview of the Agency's functions. During this field trip, as in recent trips, the CIA's contribution has been characterized by an uncommon standard of excellence and professionalism.

STAT

Thank you for your continued support of our educational mission.

Sincerely,

RAYMOND MALADOWITZ
Colonel, Infantry
Acting Commandant

Deputy Director of
Intelligence Training
Central Intelligence Agency
Washington, D.C. 20525
